

## Ordinary Child

*Words & Music by Oonah & James Buist*

I am an ordinary child  
Just an ordinary child  
Like everybody else, I dream

You can see it in my eyes  
You can hear it in my voice  
There's a sky beyond the sky, I dream

The journey's always long  
The steps there are many  
And the hardest step's the first, I know

I'm an ordinary child  
Just an ordinary child  
Like everybody else, I dream

And I try, and I try  
I may not succeed but I try  
Maybe not today  
Maybe not this week  
But some day I hope, why not

I'm an ordinary child  
Just an ordinary child  
Like everybody else I dream

And the simplest thing  
Like a butterfly's wing  
Can cause ripples right around, the world

If the heavy sun can rise  
And the darkest moon can shine  
Then anything can be true

I am an ordinary child  
Just an ordinary child  
Like everybody else, I dream

And I try, and I try  
I may not succeed but I try

Mountains are for climbing up  
And stars for wishing on  
There's a sky beyond the sky I know

If you and I can dream it  
We can find a way  
We can make tomorrow  
From dreams we dream today
